

HEAT STRESS ESSENTIALS

Be prepared for Heat-Related Work Emergencies

Heat is the most dangerous weather condition!

Extreme heat is more deadly than natural disasters, hurricanes, tornadoes, earthquakes, and floods combined! Heat stress injuries are preventable with the right preparation and best practices.

Heat Stress Kits

HEAT STRESS KITS

SNAKE BITE KITS

Fabric Pouch—3027

Box with Tube— 5250

Under OSHA law, employers are responsible for providing workplaces free of known safety hazards. This includes protecting workers from extreme heat. Working in full sunlight can increase heat index values by 15 degrees Fahrenheit. Keep this in mind and plan additional precautions for working in these dangerous conditions.

SPINTER & TICK REMOVAL KITS

Box with Tube—7108

Skin Care Products

Sunburns, insect stings & poison ivy happen more frequently in the summer!
