### ecosmart FREE Return Shipping Instructions:

1. Before returning cylinder, twist M/T Plug into valve. This will release any excess pressure. (Return empty cylinder to GASCO with M/T Plug installed)
2. PEEL OFF label wrap by pulling on the perforated strip. (Empty sticker is shown)
3. Generate your FREE label by using the ecosmart returns button at [www.gasco-gas.com](http://www.gasco-gas.com)
4. Prepare a box with adequate packing material and ship FREE to GASCO!

- ecosmart™ cylinders come with a C-10 Valve with the exception of the 650
- 650ES has various connection options that include: CGAs 330, 350, 580, 590, 660
- Please call Customer Service to inquire
