

Secure Click™ Full Facepiece Reusable Respirator

Next-generation comfort, breathability and simplicity.

The 3M™ Secure Click™ Full Facepiece Reusable Respirator FF-800 Series helps protect against particulates and/or a wide variety of gases and vapors when used with approved 3M Secure Click filters and cartridges. This facepiece comes with exciting features that make it 3M's next generation in comfort, breathability and simplicity.

Secure Click™ can help meet the needs of respiratory customers across multiple industries/verticals

- Construction
- General Manufacturing
- Transportation
- Mining, Oil & Gas
- Heavy Industrial
- Industrial Maintenance
- Facility Sanitation

Feel it:

Experience the breathability and comfort provided by the world's first quad-flow gas and vapor filter/combination filter systems.

Hear it:

Secure Click connection helps provide confidence that filters/cartridges are installed properly. Simply align the connections and push into place.

Check it:

Help increase worker confidence that the respirator is being worn properly with the easy, one-touch, user seal check.

Say it:

Utilize the speaking diaphragm to help provide easy communication.
