

# DuPont™ ProShield® 10

Comfort and quality design at an affordable price

Soft, breathable, and lightweight, DuPont™ ProShield® 10 disposable garments are designed for workers in a wide range of industries and controlled environment settings for nonhazardous dry particle and light liquid splash applications. Made with spunbond meltblown spunbond (SMS) nonwoven fabric, these garments help companies cut costs for disposable garments. With white and blue color options, ProShield® 10 garments are available in various coverall, lab coat, and frock designs.

- Soft, breathable and lightweight garment for enhanced range of motion
- Offers economical protection from dirt, grime and non-hazardous dry particles
- Made from spunbond-meltblown-spunbond (SMS) fabric
- Available in hooded and non-hooded options and multiple colors

Please visit our free online DuPont™ SafeSPEC™ selector tool to determine the most appropriate protection based on your hazard risk assessment.
